The Easter Bunny

Once upon a time, there was a little girl named Susie who loved Easter. She loved the colorful eggs, the chocolate bunnies, and the egg hunts. But one Easter, everything changed.

Susie was playing in the backyard when she saw a strange bunny. It was bigger than any bunny she had ever seen before, and it had glowing red

eyes. Susie was scared, but she couldn't look away.

The bunny hopped closer and closer until it was right in front of Susie. It stared at her with its glowing eyes, and Susie felt a chill run down her spine.

Suddenly, the bunny lunged at Susie and bit her on the neck. Susie screamed and tried to pull away, but the bunny was too strong. It dragged her into the woods, and Susie was never seen again.

The Easter Egg

In a small town, there was a tradition of hiding a special Easter egg in the town square. The egg was said to be magical, and whoever found it would be granted a wish.

One year, a young boy named Billy found the egg. He was so excited that he couldn't wait to make his wish. He closed his eyes and wished for a new bike.

When Billy opened his eyes, he was surprised to see that his wish had come true. He had a brand new bike, and he was so happy that he could barely contain himself.

But Billy's happiness didn't last long. The next day, he went to ride his new bike, and he was hit by a car. He died instantly.

The townspeople were shocked and saddened by Billy's death. They didn't know what had happened, but they couldn't shake the feeling that the Easter egg had something to do with it.

The Easter Massacre

In a small town, there was a group of friends who loved to celebrate Easter. They would always go to church together, and then they would have a big Easter dinner.

One year, the friends decided to go on an Easter egg hunt. They went to a nearby park, and they started to search for eggs.

But as they were searching, they started to hear strange noises. They heard growling and snarling, and they saw shadows moving in the trees.

The friends were scared, but they didn't want to leave. They wanted to find the Easter egg, and they wanted to win the prize.

But then, they saw something that made them scream. They saw a group of zombies coming towards them. The zombies were hungry, and they wanted to eat the friends.

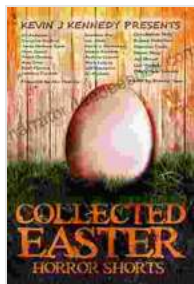

The friends ran for their lives, but it was too late. The zombies caught them, and they ate them alive.

The next day, the townspeople went to the park to search for the friends. They found their bodies, and they were horrified.

The townspeople didn't know what had happened, but they couldn't shake the feeling that the Easter egg had something to do with it.

These are just a few of the many creepy and unsettling Easter horror shorts that are out there. If you're looking for a scare this holiday season, be sure to check them out.

But be warned: these stories are not for the faint of heart. They will send chills down your spine and make you think twice about the holiday.
