1. **Queen Mary 2:** Launched in 2004, Queen Mary 2 is the largest and most opulent ocean liner ever built. With a length of 1,132 feet and a displacement of 151,400 tons, this floating palace boasts an unmatched array of amenities, including 13 restaurants, five swimming pools, and a planetarium.

2. **Queen Elizabeth:** Introduced in 2010, Queen Elizabeth is a slightly smaller but equally stunning vessel. Measuring 1,031 feet in length and weighing 90,900 tons, she offers a more intimate and sophisticated experience with a focus on British heritage and culture.
3. **Queen Victoria:** Launched in 2007, Queen Victoria is the smallest of the Modern Queens, with a length of 964 feet and a displacement of 90,000 tons. Despite its compact size, it offers an unparalleled level of comfort and luxury, with spacious cabins, elegant dining rooms, and a tranquil spa.
4. **Queen Anne:** The newest addition to the Modern Queens fleet, Queen Anne is scheduled to set sail in 2024. With a projected length of 1,094 feet and a capacity for 3,269 passengers, she is poised to become the largest and most advanced ocean liner in Cunard's history.

### **A Legacy of Luxury and Innovation:**

Cunard's Modern Queens carry on a long-standing tradition of maritime excellence. From the grand salons of the original Queen Mary to the state-of-the-art facilities onboard Queen Mary 2, these vessels have consistently pushed the boundaries of luxury and comfort.

The Modern Queens feature spacious and elegantly appointed cabins, ranging from cozy interiors to expansive suites with panoramic views. Culinary delights abound in an array of restaurants, from fine dining experiences at The Grill and The Verandah to casual fare at The Golden Lion Pub.

Beyond accommodation and dining, Cunard's Modern Queens offer an unparalleled range of onboard entertainment and activities. Passengers can enjoy live music performances in the Royal Court Theatre, watch a movie at the cinema, partake in cooking classes, or relax in the opulent spa facilities.

### **Destinations and Itineraries:**

Cunard's Modern Queens sail a wide variety of itineraries, encompassing the globe's most sought-after destinations. From transatlantic crossings to extended voyages to the Mediterranean, Caribbean, and beyond, there is an itinerary to suit every taste and preference.

Passengers can embark on an iconic Queen Mary 2 sailing between Southampton, England, and New York City, experiencing the grandeur of the transatlantic crossing in unparalleled style. Queen Elizabeth offers immersive journeys to the British Isles, Baltic Sea, and Norwegian Fjords, while Queen Victoria explores the Mediterranean Sea, Caribbean Islands, and Far East.

### **Environmental Sustainability:**

Despite their size and opulence, Cunard's Modern Queens are designed with environmental sustainability in mind. These vessels employ advanced technologies to minimize fuel consumption and emissions, including azipod propulsion systems and energy-efficient lighting.

Cunard is committed to reducing its carbon footprint and preserving the pristine marine environments that these vessels sail through. The company

has implemented sustainable practices throughout its operations, including waste reduction, water conservation, and responsible waste management.

## **Modern Masters of the Sea:**

In a world of ever-advancing technology and evolving travel trends, Cunard's Modern Queens stand as testaments to the enduring allure of luxury ocean travel. These vessels embody the finest traditions of maritime history while embracing the latest advancements in naval engineering and passenger comfort.

As the largest and most impressive ships in the Cunard fleet, the Modern Queens offer an unrivaled experience for discerning travelers seeking the ultimate in luxury, comfort, and adventure on the high seas. Their spacious cabins, gourmet cuisine, world-class entertainment, and environmentally conscious design make them the perfect vessels for a memorable voyage across the world's oceans.
