It's important to be honest and accurate when completing the application. Any false or misleading information could lead to your child's application being denied.

Once you've completed the application, you'll need to submit it to the school. You can do this by mail, email, or in person.

If you're submitting the application by mail, be sure to send it well in advance of the deadline. If you're submitting the application by email, be sure to include all of the required attachments.

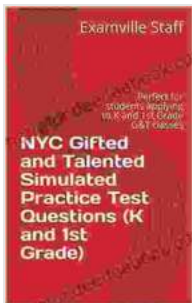

After you submit the application, you'll need to wait for the school to make a decision. The school will typically make a decision within a few weeks.

If your child is accepted, you'll be notified by mail or email. If your child is not accepted, you may be placed on a waiting list.

Here are a few tips for applying to 1st grade classes:
